

## TRANSFORMING THE NEWCASTLE HOSPITALS

### RVI - Main Hospital Corridor

The RVI is undergoing a major construction programme over the next eight years. From late January 2006 part of the main hospital corridor from Victoria Wing (Peacock Hall) to the Claremont Wing and multi storey car park will be demolished. Diversions will be in place around the hospital site.

Plans are currently in place to inform patients of the changes by letter when appointments are sent out. In addition we will be providing electronic wayfinding screens/kiosks around the site at the Information Points highlighted below.

The map below highlights the new route so that staff / visitors are aware of the forthcoming changes.

If you have any queries can these be directed in the first instance to Jacqui Ward ext 25146 or alternatively email [jacqui.ward@nuth.nhs.uk](mailto:jacqui.ward@nuth.nhs.uk)
